Houston Solari Hospice Care's Inpatient Home

Designed for Compassionate Whole-Family Care

Houston, Tex. – June 30, 2011 – Houston Solari Hospice Care's new state-of-the-art inpatient home offers everything you could expect from hospice and more. "It is the first in Houston to be built from the ground up specifically to be a hospice—from its design, shape and comforts, inside and out," says Director of Admissions Bren Hingle.

Celebrating its grand opening on May 18, 2011 and expected to begin welcoming patients later this summer, the 8,000-square-foot, 12-bed facility at 9714 S. Gessner Road is designed as a home-away-from-home for hospice patients and their families when short-term acute care is necessary. Each spacious private room is equipped with comfortable beds and sofa sleepers to ensure family members are at ease when visiting their loved one. Family gathering rooms emulate the warmth and familiarity of one's own family living room, with wireless Internet access, cozy furnishings and eye-pleasing decor. A full-service kitchen adds to the home-like atmosphere. In addition, family members can find a sense of peace and spiritual nourishment at the inpatient home's serene chapel and the surrounding tranquility gardens.

Houston Solari Hospice Care also offers an array of counseling services to both patients and their loved ones, with bereavement services provided to family members up to one year after a patient's passing. Solari Hospice Care is devoted to helping people live with dignity and comfort by providing trusted and professional hospice care in the Houston and Las Vegas communities. Focused on enhancing the quality of life for patients and their loved ones, Solari's exemplary team of physicians, pharmacists, registered nurses, certified nursing aides, social workers, administrative staff and counselors are specially trained to offer the most compassionate and comforting care designed for each patient's unique needs.
